## **Resolution**

**This meeting of ANMF (Vic Branch) members resolves as follows:**

1. To note the report back from ANMF officials on progress of the bargaining of the Victorian Public Sector Mental Health Services Agreement
2. To note the number of ANMF claims that remain under discussion or not agreed
3. To direct the ANMF to hold further negotiations on the unresolved items of our claim
4. To note the upcoming nominal expiry date of the enterprise agreement and call on ANMF to urge the government to provide an appropriate offer as soon as possible
5. If no appropriate offer is received by the date of expiry, members direct ANMF to make an application for a Protected Industrial Action ballot to occur to speed up the process of bargaining
6. To call on the ANMF Secretary to hold a further statewide meeting as soon as practicable after an acceptable offer from government, or after the declaration of the protected industrial action ballot, to consider next steps, whichever is sooner.
