

COVID-19 NEWSFLASH

Victorian Department of Health extends single site employment in public sector residential aged care services to 30 June 2021

9 February 2021

ANMF has been advised the Victorian Government will continue to fund single site employment within public sector residential aged care services to 30 June 2021.

It is now well recognised that limiting the mobility of staff in the aged care sector is a key priority in reducing coronavirus (COVID-19) infection risks.

The Victorian Department of Health will provide further funding to support the extended period, and employers will need to apply for further funding support where:

- additional staff now want to limit their mobility; or
- any staff members plan on recommencing external employment at the end of February as per previous arrangements.

ANMF thanks members for their ongoing work and professionalism during these unprecedented times.
