## Resolution

**This meeting of public sector ANMF members resolves:**

1. To note the report back on the government offer
2. To note the substantial number of ANMF claims not addressed in the offer
3. To call on the ANMF to make it known to government that the claim offer is grossly inadequate
4. To direct the ANMF to hold further negotiations on the unresolved items of our claim
5. To direct ANMF to make an application for a protected industrial action ballot order
6. To call on the ANMF Secretary to hold a single statewide meeting in Melbourne as soon as practicable after the declaration of the protected industrial action ballot to consider next steps in the absence of an offer acceptable to members.
