The process of planning for a person's future health and personal care.

Advance care planning helps ensure that an individual's preferences for future medical treatment are respected.

Beliefs, values and preferences are made known, in order to guide future care in the event that the person is unable to make decisions or communicate.

Membership of the Australian Nursing & Midwifery Federation (ANMF) (Vic Branch) Advance Care Planning Special Interest Group is open to all members and non-members of the ANMF.

VISION

A state-wide nursing forum that promotes discourse and collaboration across academic and clinical fields interested in advance care planning through:

- education
- support
- policy comment
- networking

MISSION

To provide a forum for discussion for Victorian nurses working in advance care planning settings by:

- continuing professional development to members through workshops and seminars
- furthering knowledge and research in advance care planning to achieve excellence in practice
- promoting the application of advance care planning into relevant health sectors

MEMBERSHIP

Membership of the ACP SIG is open to all nurses who are interested in or engaged/associated in the practice of advance care planning.

Associate membership is open to other health professionals and trained volunteers who are interested in or engaged in/associated with the practice of advance care planning.
